TPG RE Finance Trust, Inc. Reports Operating Results for the Quarter Ended September 30, 2022

November 1, 2022

NEW YORK--(**BUSINESS WIRE)**--TPG RE Finance Trust, Inc. (NYSE: TRTX) ("TRTX" or the "Company") reported its operating results for the quarter ended September 30, 2022. Regarding third quarter results, Doug Bouquard, Chief Executive Officer of TRTX, said: "Our Company's strong liquidity position and TPG's industry-leading global real estate platform enabled TRTX to opportunistically deploy $984.0 million into new investments during the third quarter and maintain ample liquidity of $571.3 million to navigate the current market environment."

THIRD QUARTER 2022 ACTIVITY

- Recognized GAAP net loss attributable to common stockholders of $(117.9) million, or $(1.52) per common share (based on a basic and diluted weighted average share count of 77.4 million common shares), and book value per common share on September 30, 2022 of $14.28.
- Declared on September 12, 2022 a cash dividend of $0.24 per share of common stock which was paid on October 25, 2022 to common stockholders of record as of September 28, 2022. The Company paid on September 30, 2022, to stockholders of record as of September 20, 2022, a quarterly dividend on its 6.25% Series C Cumulative Redeemable Preferred Stock of $0.3906 per share.
- Originated five and acquired at a discount five performing first mortgage loans with total loan commitments of $984.0 million, an aggregate initial unpaid principal balance of $950.1 million, a weighted average interest rate of the applicable benchmark rate plus 3.52%, a weighted average interest rate floor of 0.89% and a weighted average loan-to-value ratio of 64.8%. Additionally, funded $47.3 million of future funding obligations associated with previously originated loans.
- Received loan repayments of $371.1 million, including eight full loan repayments totaling $291.4 million, comprised primarily of the following property types: 77.6% office and 12.0% hotel.
- Weighted average risk rating of the Company's loan portfolio was 3.2 as of September 30, 2022, unchanged from June 30, 2022.
- Carried at quarter-end an allowance for credit losses of $225.6 million, or 390 basis points of total loan commitments, an increase of $132.3 million from $93.4 million, or 180 basis points of total loan commitments, as of June 30, 2022. Of the $225.6 million allowance for credit losses, $72.3 million relates to the Company's specific reserve.
- Closed an asset-specific financing arrangement with an institutional lender backed by five performing first mortgage loans. This financing is matched term, non-recourse, and non-mark-to-market.
- Ended the quarter with $571.3 million of total liquidity, comprised of: $210.7 million of cash-on-hand available for investment, net of $25.4 million held to satisfy liquidity covenants under the Company's secured financing agreements; undrawn capacity under secured financing arrangements of $48.6 million; and $286.6 million of reinvestment capacity in the Company's CRE CLOs. Additionally, the Company held unencumbered loan investments with an aggregate unpaid principal balance of $7.6 million as of September 30, 2022.
- Non-mark-to-market debt represented 74.9% of total borrowings at September 30, 2022.
- Weighted average interest rate floor for loan investments was 85 basis points as of September 30, 2022 compared to 90 basis points as of June 30, 2022. The Company's assets and liabilities are now fully rate-sensitive.
- Rate caps on substantially all of the Company's loans had a weighted average strike of 2.87% at September 30, 2022 as compared to 2.83% at June 30, 2022.

SUBSEQUENT EVENTS

- Acquired via deed-in-lieu of foreclosure an 845,919 square foot Class B office building in Dallas, Texas. At September 30, 2022, the related loan bore a “5” risk rating, which is the lowest rating of the Company’s 1-5 risk rating system.

The Company issued a supplemental presentation detailing its third quarter 2022 operating results, which can be viewed at **http://investors.tpgrefinance.com/.**

FORWARD-LOOKING STATEMENTS

This earnings release contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements are subject to various risks and uncertainties, including, without limitation, statements relating to the performance of the investments of TPG RE Finance Trust, Inc. (the “Company” or “TRTX”); the ultimate geographic spread, severity and duration of pandemics such as COVID-19 and its variants, actions that may be taken by governmental authorities to contain or address the impact of such pandemics, and the potential negative impacts of such pandemics on the global economy and the Company's financial condition and results of operations; the Company's ability to originate loans that are in the pipeline and under evaluation by the Company; financing needs and arrangements; and the risks, uncertainties and factors set forth under the heading “Risk Factors” in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2021, as such risk factors may be updated from time to time in the Company’s periodic filings with the Securities and Exchange Commission (the “SEC”), which are accessible on the SEC’s website at www.sec.gov. Forward-looking statements are generally identifiable by use of forward-looking terminology such as “may,” “will,” “should,” “potential,” “intend,” “expect,” “endeavor,” “seek,” “anticipate,” “estimate,” “believe,” “could,” “project,” “predict,” “continue” or other similar words or expressions. Forward-looking statements are based on certain assumptions, discuss future expectations, describe existing or future plans and strategies, contain projections of results of operations, liquidity and/or financial condition or state other forward-looking information. Statements, among others, relating to the Company’s ability to generate future growth and deliver value and returns, and the Company’s ability to provide effective financing solutions for borrowers are forward-looking statements, and the Company cannot assure you that TRTX will achieve such results. The ability of TRTX to predict future events or conditions or their impact or the actual effect of existing or future plans or strategies is inherently uncertain. Although the Company believes that such forward-looking statements are based on reasonable assumptions, actual results and performance in the future could differ materially from those set forth in or implied by such forward-looking statements. You are cautioned not to place undue reliance on these forward-looking statements, which reflect the Company’s views only as of the date of this earnings release. Except as required by law, neither the Company nor any other person assumes responsibility for the accuracy and completeness of the forward-looking statements appearing in this earnings release. The Company does not undertake any obligation to update any forward-looking statements contained in this earnings release as a result of new information, future events or otherwise. Past performance is not indicative nor a guarantee of future returns. Yield data are shown for illustrative purposes only and have limitations when used for comparison or for other purposes due to, among other matters, volatility, credit or other factors.

Forward-Looking Statements and Other Disclosures

This presentation contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), which reflect our current views with respect to, among other things, our operations and financial performance. You can identify these forward-looking statements by the use of words such as "outlook," "believe," "expect," "potential," "continue," "may," "should," "seek," "approximately," "predict," "intend," "will," "plan," "estimate," "anticipate," the negative version of these words, other comparable words or other statements that do not relate strictly to historical or factual matters. By their nature, forward-looking statements speak only as of the date they are made, are not statements of historical fact or guarantees of future performance and are subject to risks, uncertainties, assumptions or changes in circumstances that are difficult to predict or quantify. Our expectations, beliefs and projections are expressed in good faith, and we believe there is a reasonable basis for them. However, there can be no assurance that management's expectations, beliefs and projections will occur or be achieved, and actual results may vary materially from what is expressed in or indicated by the forward-looking statements.

There are a number of risks, uncertainties and other important factors that could cause our actual results to differ materially from the forward-looking statements contained in this presentation. Such risks, uncertainties and other important factors include, among others, the risks, uncertainties and factors set forth under the heading "Risk Factors" in our Form 10-K filed with the Securities and Exchange Commission (the "SEC") on February 23, 2022, as such risk factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC's website at www.sec.gov. Such risks, uncertainties and other factors include, but are not limited to, the following:

- the general political, economic, regulatory, competitive and other conditions in the markets in which we invest;
- the level and volatility of prevailing interest rates and credit spreads, including as a result of the planned discontinuance of LIBOR and the transition to alternative reference rates such as term or compounded Secured Overnight Financing Rate ("SOFR");
- adverse changes in the real estate and real estate capital markets;
- general volatility of the securities markets in which we participate;
- changes in our business, investment strategies or target assets;
- difficulty in obtaining financing or raising capital;
- reductions in the yield on our investments and increases in the cost of our financing;
- events giving rise to increases in our current expected credit loss reserve;
- adverse legislative or regulatory developments, including with respect to tax laws, securities laws and the laws governing and lending institutions;
- acts of God such as hurricanes, floods, earthquakes, wildfires, mudslides, volcanic eruptions, and other natural disasters, acts of war and/or terrorism and other events that may cause unanticipated and uninsured performance declines and/or losses to us or the owners and operators of the real estate securing our investments;
- global economic trends and economic conditions, including heightened inflation, slower growth or recession, changes to fiscal and monetary policy, higher interest rates, labor shortages, currency fluctuations and challenges in global supply chains;
- higher interest rates imposed by the Federal Reserve may lead to a decrease in prepayment speeds and an increase in the number of borrowers who exercise extension options, which could extend beyond the term of certain secured financing agreements we use to finance our loan investments;
- the ongoing impact of the COVID-19 pandemic on our business, U.S. and global economies, the real estate industry and our borrowers, and the performance of the properties securing our loans;
- reduced demand for office space, including as a result of the COVID-19 pandemic and/or hybrid work schedules which allow work from remote locations other than the employer's office premises;
- changes in the availability of attractive loan and other investment opportunities, whether due to competition, regulation or otherwise;
- deterioration in the performance of properties securing our investments that may cause deterioration in the performance of our investments, adversely impact certain of our financing arrangements and our liquidity, and potentially expose us to principal losses on our investments;
- defaults by borrowers in paying debt service or principal on outstanding indebtedness;
- the adequacy of collateral securing our investments and declines in the fair value of our investments;
- adverse developments in the availability of desirable investment opportunities, whether due to competition regulation or otherwise;
- difficulty or delays in redeploying the proceeds from repayments of our existing investments
- increased competition from entities engaged in mortgage lending and/or investing in our target assets;
- difficulty in successfully managing our growth, including integrating new assets into our existing systems;
- the cost of operating our platform, including, but not limited to, the cost of operating a real estate investment platform and the cost of operating as a publicly traded company;
- the availability of qualified personnel and our relationship with our Manager;
- the potential unavailability of the London Interbank Offered Rate ("LIBOR") after June 30, 2023;
- conflicts with TPG and its affiliates, including our Manager, the personnel of TPG providing services to us, including our officers, and certain funds managed by TPG;
- our qualification as a real estate investment trust ("REIT") for U.S. federal income tax purposes and our ability to maintain our exemption or exclusion from registration under the Investment Company Act of 1940, as amended (the "Investment Company Act"); and
- authoritative U.S. generally accepted accounting principles (or "GAAP") or policy changes from standard-setting bodies such as the Financial Accounting Standards Board ("FASB"), the SEC, the Internal Revenue Service ("IRS"), the New York Stock Exchange ("NYSE") and other authorities that we are subject to, as well as their counterparts in any foreign jurisdictions where we might do business.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance, or achievements. We caution you that the risks, uncertainties and other factors referenced above may not contain all of the risks, uncertainties and other factors that are important to you. In addition, we cannot assure you that we will realize the results, benefits or developments that we expect or anticipate or, even if substantially realized, that they will result in the consequences or affect us or our business in the way expected. All forward-looking statements in this presentation apply only as of the date made and are expressly qualified in their entirety by the cautionary statements included in this presentation and in other filings we make with the SEC. We undertake no obligation to publicly update or revise any forward-looking statements to reflect subsequent events or circumstances, except as required by law.

Distributable Earnings

- Distributable Earnings is a non-GAAP measure defined as GAAP net income (loss) attributable to our common stockholders, including realized gains and losses, regardless of whether such items are included in other comprehensive income or loss, or in GAAP net income (loss), and excluding (i) non-cash stock compensation expense, (ii) depreciation and amortization expense, (iii) unrealized gains (losses), and (iv) certain non-cash or income and expense items. The exclusion of depreciation and amortization expense from the calculation of Distributable Earnings only applies to debt investments related to real estate to the extent we foreclose upon the property or properties underlying such debt investments.
- We believe that Distributable Earnings provides meaningful information to consider in addition to our net income (loss) and cash flow from operating activities determined in accordance with GAAP. We generally must distribute at least 90% of our net taxable income annually, subject to certain adjustments and excluding any net capital gains, for us to continue to qualify as a REIT for U.S. federal income tax purposes. We believe that one of the primary reasons investors purchase our common stock is to receive our dividends. Because of our investors' continued focus on our ability to pay dividends, Distributable Earnings is an important measure for us to consider when determining our distribution policy and dividends per common share. Further, Distributable Earnings helps us to evaluate our performance excluding the effects of certain transactions and GAAP adjustments that we believe are not necessarily indicative of our current loan investment and operating activities.
- Distributable Earnings excludes the impact of our credit loss provision or reversals of our credit loss provision, but only to the extent that our credit loss provision exceeds any realized credit losses during the applicable reporting period.
- A loan will be written off as a realized loss when it is deemed non-recoverable, or upon a realization event. Realized losses are generally recognized when the loan receivable is settled, transferred or exchanged, or in the case of foreclosure, when the underlying property is foreclosed upon or sold. Non-recoverability may also be concluded by us if, in our determination, it is nearly certain that all amounts due will not be collected. A realized loss generally equals the difference between the cash or non-cash consideration received or expected to be received, and the net book value of the loan, reflecting our economics from the ultimate realization of the asset.
- Distributable Earnings does not represent net income (loss) or cash generated from operating activities and should not be considered as an alternative to GAAP net income (loss), an indication of our GAAP cash flows from operations, a measure of our liquidity, or an indication of funds available for our cash needs. In addition, our methodology for calculating Distributable Earnings may differ from the methodologies employed by other companies to calculate the same or similar supplemental performance measures, and accordingly, our reported Distributable Earnings may not be comparable to the Distributable Earnings reported by other companies.

Deferred Fundings

- Fundings to borrowers that are made under existing loan commitments after a loan closing date

Financial Covenants

- Our financial covenants and guarantees for outstanding borrowings related to our secured financing agreements require TPG RE Finance Trust Holdco, LLC, a Delaware limited liability company that is wholly owned by TRTX, to maintain compliance with the following financial covenants (among others):
  - Cash Liquidity: Minimum cash liquidity of no less than the greater of: $15.0 million; and 5.0% of Holdco's recourse indebtedness
  - Tangible Net Worth: $1.0 billion, plus 75% of all subsequent equity issuances (net of discounts, commissions, expense), minus 75% of the redeemed or repurchased preferred or redeemable equity or stock
  - Debt-to-Equity: Debt-to-Equity ratio not to exceed 4.25 to 1.0 with equity, as defined
  - Interest Coverage: Minimum interest coverage ratio of 1.5 to 1.0

Geographic Diversity

- TRTX divides the South region into separate Southeast and Southwest regions using definitions established by The National Council of Real Estate Investment Fiduciaries (NCREIF). A reconciliation to TRTX's Form 10-Q at September 30, 2022 follows (dollars in millions):

Leverage	▪ Debt-to-Equity Ratio - Represents (i) total outstanding borrowings under secured financing arrangements, including collateralized loan obligations, secured credit agreements, asset-specific financing arrangements, a secured revolving credit facility, and mortgage loans payable (if any), less cash, to (ii) total stockholders' equity, at period end ▪ Total Leverage Ratio - Represents (i) total outstanding borrowings under secured financing arrangements, including collateralized loan obligations, secured credit agreements, asset-specific financing arrangements, a secured revolving credit facility, and mortgage loans payable (if any), plus nonconsolidated senior interests sold or co-originated (if any), less cash, to (ii) total stockholders' equity, at period end
Loan-to-Value (LTV)	▪ Except for construction loans, LTV is calculated for loan originations and existing loans as the total outstanding principal balance of the loan or participation interest in a loan (plus any financing that is pari passu with or senior to such loan or participation interest), divided by the as-is appraised value of our collateral at the time of origination or acquisition of such loan or participation interest. For construction loans only, LTV is calculated as the total commitment amount of the loan divided by the as-stabilized value of the real estate securing the loan. The as-is or as-stabilized (as applicable) value reflects our Manager's estimates, at the time of origination or acquisition of the loan or participation interest in a loan, of the real estate value underlying such loan or participation interest determined in accordance with our Manager's underwriting standards and consistent with third-party appraisals obtained by our Manager
Loan Category	▪ Bridge Loan - A loan with limited deferred fundings, generally less than 10% of the total loan commitment, which fundings are commonly conditioned on the borrower's satisfaction of certain collateral performance tests. The related business plan generally involves little or no capital expenditure related to base building work (e.g., building mechanical systems, lobbies, elevators, common areas, or other amenities), with most deferred fundings related to leasing activity. The primary focus is on maintaining or improving current operating cash flow, or addressing minimal lease expirations or existing tenant vacancies ▪ Light Transitional Loan - A transitional loan with deferred fundings ranging from 10% to 20% of the total loan commitment, which fundings are commonly conditioned on the borrower's completion of specified improvements to the property or satisfaction of certain collateral performance tests. The related business plan is to lease existing or forecasted tenant vacancy to achieve stabilized occupancy and cash flow. Capital expenditure is primarily to fund leasing commissions and tenant improvements for new tenant leases, and capital expenditure allocated to base building work generally does not exceed 20%. Deferred fundings may also be budgeted to fund operating deficits, or interest expense, during the period prior to stabilized occupancy ▪ Moderate Transitional Loan - A transitional loan with deferred fundings greater than 20% of the total loan commitment, which fundings are commonly conditioned on the borrower's completion of specified improvements to the property or satisfaction of certain collateral performance tests. The related business plan generally involves capital expenditure for base building work needed before substantial leasing activity can be achieved, followed by capital expenditure for tenant improvements and leasing commissions to achieve stabilized occupancy and cash flow. Deferred fundings may also be budgeted to fund operating deficits, or interest expense, during the period prior to stabilized occupancy ▪ Construction Loan - A loan made to a borrower to fund the ground-up construction of a commercial real estate property, or the horizontal development of commercial land

Property Types

- Mixed-Use: TRTX classifies a loan as mixed-use if the property securing TRTX's loan (a) involves more than one use; and (b) no single use represents more than 60% of the collateral property's total value. In certain instances, TRTX's classification may be determined by its assessment of which use is the principal driver of the property's aggregate net operating income
- Life Science: TRTX classifies a loan as life science if more than 60% of the gross leasable area is leased to, or will be converted to, life science-related space. Life science-related space includes laboratory space, office space, or allied light manufacturing space used in support of biotechnology, pharmaceuticals, biomedical technologies, life systems technologies, and the design and manufacture of biomedical technology.

Loan Risk Ratings

- Based on a 5-point scale, the Company's loans are rated "1" through "5," from least risk to greatest risk, respectively, which ratings are defined as follows:
  - 1 - Outperform—Exceeds performance metrics (for example, technical milestones, occupancy, rents, net operating income) included in original or current credit underwriting and business plan;
  - 2 - Meets or Exceeds Expectations—Collateral performance meets or exceeds substantially all performance metrics included in original or current underwriting / business plan;
  - 3 - Satisfactory—Collateral performance meets or is on track to meet underwriting; business plan is met or can reasonably be achieved;
  - 4 - Underperformance—Collateral performance falls short of original underwriting, material differences exist from business plan, or both; technical milestones have been missed; defaults may exist, or may soon occur absent material improvement; and
  - 5 - Default/Possibility of Loss—Collateral performance is significantly worse than underwriting; major variance from business plan; loan covenants or technical milestones have been breached; the loan is in default or substantially in default; timely exit from loan via sale or refinancing is questionable; significant risk of principal loss.
